Louisville Head Coach David Padgett

Opening Statement

'You've got to give them credit, they came in here and exposed us on defense, and outrebounded us, which we knew was going to be a big key to the game. So, give them credit. That team was desperate for a win and they came out and showed it.'

On the final possession

'It's tough, you don't have a timeout. It's tough to get everybody in the right spot. There was a lot of chaos going on. But, we spread the floor. We had a good one-on-one player going downhill. They did a good job of taking away the three, and I think it was (Terance) Mann who made the block there at the end. Kid made a big defensive play when they needed it.'

On the shot selection late in the game

'I'll have to answer that after I look at the film. Obviously, they did some things to us defensively that bothered us, got us out of rhythm. We missed a couple easy ones. We just can't give up 80 points at home and expect to win. You just can't do it.'

Did they change anything from the first game to today?

'Yes, they changed a lot. They changed the way they played ball screens defensively. They didn't throw up as many threes in the second half, you see they only took three. They made it a point of driving in the lane. I should have done a better job of putting us in the zone more, we should have played more zone than we did to try to keep the ball out of the lanes, since they weren't really making threes. You just have to give them credit, they came in here and battled it, got a great road win.'

About Ray Spalding possible injury

'I don't know I haven't talked to him.'
