Quoting Head Coach Amy Bond

"I am very proud of the way we finished the season. It was a great year and we can build on it for the future. We accomplished so many positive things throughout the year which included individual victories, team championships and All-ACC accolades. We topped the year off by finishing 15th at the National Championships.

"This was a great, great season. The girls really worked extremely hard to get to nationals, to finish in second at the NCAA Shoal Creek Regional Championship, to play on the final day of stroke play at the NCAA finals and to finish in the top 15 at nationals. Finishing in the top 15 at a national championship is a huge accomplishment.

"We grew as a team and I am excited for everyone to return next year. I am looking forward to August and know that each player will work hard over the summer and come back stronger than ever. The cool thing is we don't have a senior on the team so they are all returning next year. They will all use the experiences they gained throughout the year, work on some things over the summer and hopefully we will be bigger and better next year.

"I am really looking forward to the girls coming back in the fall and can't wait to begin next season."
