POSTGAME QUOTES

FSU Head Coach Leonard Hamilton

Question: How did you slow down Tremont Waters?

"I'm not really sure we stopped him. He's one of the reasons they shot such a high percentage because we had to give him so much attention and respect. We ended up giving a lot of easy opportunities to his teammates. With a guy like him who can get looks for other guys and you watch the film you will see he was such an impact. He may not have gotten the offensive numbers that he had hoped, but he made some big plays for them."

Question: What grade would you give your team on this test?

"On the defensive end when a team shoots 51 percent, you can't give yourself a high grade. On the offensive end, I think we did not find our rhythm but we made plays because our guys are somewhat talented. They took us right down to the wire and we feel like we have plenty of room for improvement."

LSU Head Coach Will Wade

"It was a good game, felt like we lost it there in the second half, especially with our offense. We gave up way too many offensive rebounds (22). We turned the ball over 18 times that was the story of the game, their pressure got to us, they hounded us in the full court. We didn't handle the pressure well, they got to us on the glass and that did us in."
