Opening Statement

“Very impressed with Florida State and they just keep coming at you in waves. They bend a little but they didn’t break. And they just come at you in waves with their depth and their size. We couldn’t get the ball to our two best scorers in (Jordan) Varnado and (Alex) Hicks. We couldn’t get into our offense, give them credit they took us out of our offense. You see that in those turnovers, 22 turnovers.”

On film preparation

“Watching them (Florida State) on film we thought we could get into our offense just because those wings are so big and sometimes you can out pick those guys. In person they were quicker and a little more physical than I thought they were. In the press I thought the press wore our guards down, B.J. Miller got 2 fouls early. He’s second in the league in the Sun Belt, one of the best mid-major leagues in the country. He is second in the league in assist turnover ratio and you look tonight he had two assists and four turnovers. I thought they wore him down a little bit.”
