

Florida State vs. Miami
Coaches Quotes
Florida State 81, Miami 59

Miami Head Coach Jim Larranaga

Opening Statement:

“I think that Florida State is really an outstanding team. They’re very deep and they’re very talented. We were not able to stay with them in the first half until the very closing minutes. We within 12, we had been down 20 and I thought we came out pretty well in the second half. We got them within eight, then we had a couple of easy shots that didn’t go down for us and they ran off 10 straight points. It went from eight to 18 and we were never able to recover from that.”

On not being able to keep up with FSU rebounding:

“There are a bunch of categories that you have to be successful in. The top one on offense is not turning the ball over, the second is getting back defensively to prevent a layup or a dunk in transition. So, we decided the offensive rebounding we had everyone to get back and try to focus on the defensive backboards.”
