**VISION**

The Florida State University Athletics brand is a result of extensive research and strategic planning. The vision is to create a recognizable and memorable experience that communicates the values and traditions of the university.

**THE FLORIDA STATE UNIVERSITY ATHLETICS BRAND**

What are the elements that make up a brand identity? It’s the words you choose. The type you use. The colors, graphics, and imagery you display. A unique and iconic primary logo. To help communicate and apply the primary logo, these are the key building blocks that help tell the Florida State story and shape people’s perception of Florida State University.

Perfection is in the details. Underlying all Florida State brand expressions is a detailed, well-ordered system of visual assets. The primary identity defines the Florida State experience. This unified system defines the Florida State brand and is used as the main identifying device for athletics. Reinforcement of the primary identity will build equity in Florida State Athletics. In primary or secondary colors, the Seminole logo works well across all media. The FSU approach to graphic design employs the Seminole logo to integrate the Florida State story and shape key building blocks that help tell the Florida State story.

**EVILOSION NOT REVOLUTION**

As Florida State University leads and ambles into the future, it is forging new markets, connecting with new students, faculty and staff, and expanding its presence—it is essential that the Florida State Athletics brand grows with the university. The objective of this exercise is to make sure that the brand communications and applications capture new audiences in an authentic and meaningful way. The Seminole Tribe of Florida was consulted through the brand development process and approved all modifications of these beloved symbols.

**BRAND ATTRIBUTES**

Brand Attributes are a set of characteristics that represent the essence of the Florida State brand. These attributes include personality traits and serve as a filter for all of the components of the identity system. When you see a Florida State logo, you want it to be memorable of:

- **RSPRECT**
- **INTEGRITY**
- **STRENGTH**
- **PRIDE**
- **CHARACTER**
- **FIGHT**
- **PASSION**
- **LEADERSHIP**
- **FAMILY**
- **TRADITION**

**PRIMARY IDENTITY—THE SEMINOLE LOGO**

The Seminole logo is indisputably iconic and unique to Florida State Athletics. It signals a consistent foundation and endures the brand that has been built across decades of competition while creating cohesion and reinforcing the brand for the next generation. The mark is strong, youthful and bold giving up the true workhorse of Seminole Nation. It purposefully incorporates the Florida State color packets, and each the hue hold up. It expresses our position with purpose and conviction.

The Seminole logo is the primary representation of the brand and is used as the main identifying device for athletics. Reinforcement of the primary identity will build equity in Florida State Athletics. In primary or secondary colors, the Seminole logo works well across all media. The FSU approach to graphic design employs the Seminole logo to integrate the Florida State story and shape key building blocks that help tell the Florida State story.

**SEMINOLE SPEAR**

Perhaps the most spectacular tradition in all of college football occurs in Doak Campbell Stadium, where a student portraying the fierce Seminole leader, Osceola, charges down the field riding an Appaloosa horse named Renegade and plants a flaming spear at midfield to begin every home game. Together, Osceola and Renegade heighten the pre-game ritual, considered to be one of the most popular in the nation.

Florida State’s trademark helmet with the Seminole spear is well known throughout all of college football. The design was first introduced during Bobby Bowden’s first year as head coach in 1976. Prior to that season, FSU had used a variety of different helmets ranging from gold with a green FSU logo on gold to green and white striping, an image of the state of Florida with a FSU logo running down it, and various others. The helmet spear now reflects the same visual language as the other elements of the identity system.
THE SEMINOLE TRIBE OF FLORIDA

THE UNCONQUERED PEOPLE

By Barry Ray, FSU Office of News and Public Affairs

As a people, few have prevailed over more trying circumstances than the Seminole Indians of Florida. Over the course of almost two centuries, Florida’s Seminole Indians were at odds with both the U.S. government, necessitating numerous efforts to relocate them to federal reservations in the West, and the ever-increasing threat to their way of life from the world’s most inhospitable environments, the Florida Everglades. That they have not only survived but grown amidst all the while maintaining their fierce independence and rich culture is a tribute to their courage and perseverance.

Long before Europeans explored over, visited the area now known as Florida, native peoples had been living here for thousands of years. For the Seminoles, the Apalachee, the Timucua and the Calusa were living along the coast and throughout the peninsula while the Spanish first arrived in 1535.

The native peoples’ lack of resistance to smallpox, yellow fever and other European-borne diseases, along with land hunger from the English colonists of Georgia and South Carolina, eventually decimated their numbers. By the mid-19th century, the Indian nations of Florida had ceased to exist as such.

In their place, groups of Indians from a confederation of tribes collectively referred to as the Creek colonized Florida from Alabama and Georgia. These Creek nations, especially the Creek-speaking Seminoles from the Creek nations of Alabama, are the forerunners of today’s Seminole Tribe of Florida. These so-called “Black Seminoles” also had a reputation as fierce fighters, and are understandably determined to preserve their freedom. They fought against the Creek Confederates of 1836, and the Tecumseh War of 1832-35, proving themselves as warriors of great skill.

With the end of the American Revolutionary War in 1783, English-speaking settlers began moving south in ever greater numbers, beginning the so-called Seminole Wars. Over the course of almost two centuries, Florida’s Seminole endured three wars with the U.S. government, resisted numerous efforts to relocate them to federal reservations in the West, and the ever-increasing threat to their way of life from the world’s most inhospitable environments, the Florida Everglades.

That they have not only survived but grown amidst all the while maintaining their fierce independence and rich culture is a tribute to their courage and perseverance. This is their story.

THE SYMBOL: SEMINOLES

Florida State would play two games in 1961 before students and alumni voted the Seminoles as the school’s nickname. The Seminoles must believe the account of a poll of the student body is accurate. In 1961, the Seminoles had won by 110 votes over Stetson. The rest of the top contenders (in order) were Rebels, Tarpons, Fighting Warriors and Crackers.

In the 1980s, a pair of students dressed in Native American garb joined the cheerleaders in the student section, and evolved into the indigenous character known as Redmen that FSU now employs. Today, the Seminole Indian Tribe participates in many campus traditions.

Florida State University is proud of fostering an environment of celebration and understanding between the Seminole Tribe of Florida. The Seminole people have suffered multiple Big Baptist attacks, broken treaties, broken promises, betrayal, disregarded and proud. The Seminoles are unyielding. They are the keepers of the fire, and they keep the flame alive in the hearts and minds of all of Florida Seminoles, including our student-athletes.

Florida State Vice President and Director of Athletics Michael Alford named Tennessee head coach Brian Pensky as FSU women’s soccer head coach on April 13, 2022. Pensky, who led the Volunteers to the 2020 SEC Championship, has been named ACC and SEC Coach of the Year by the ACC coaches. Pensky takes over the Seminoles after coaching the Volunteers for the last 10 years.

"Florida State’s soccer program is regarded as one of if not the best in the country and rightfully so," said Pensky. "The opportunity to be a part of this great program with the remarkable tradition is an honor. What Mark (Krikorian) did here over the last 10 years is unparalleled in our game. Simply put, he leaves the best in the business."

"But it is more than just the soccer program that attracted me. The status of the university as a top-tier public institution academically is just as impressive as the athletic history. And, I have coached in the ACC and I know the strength of the league is second to none in all of college football."

"I take over the program with endless humility and understanding of the task at hand."

Tennessee’s 2021 SEC Championship highlighted a season in which the Vols finished with a 20-0-3 record and advanced to the NCAA Round of 16. Pensky was named the SEC Coach of the Year for the season and the entire UT coaching staff was recognized as the Southeast Region Coaching Staff of the Year.

"After getting a great deal of input from our soccer student-athletes, we set out to attract the very best coach in the country to lead what has become the premier program in the SEC. I am very pleased in the hire of Brian Pensky. Pensky and we have found the person whose talent and drive match our consistently high expectations for FSU soccer.""Coach Pensky is a proven winner both in the ACC which we consider the nation’s best conference and the SEC. He has built programs and sustained consistent, high-level success proving his abilities time and time again."

"I am excited about the future of our program under Coach Pensky and we welcome him and his family to Florida State."

After leading Tennessee to its second consecutive SEC Eastern Division championship in 2021, Pensky was selected by the SEC as SEC Coach of the Year. He then deftly guided Tennessee to its first SEC Tournament championship since 2010 and a trip to the NCAA Round of 16. The 2021 squad was undefeated in SEC play, opening the season with seven straight shutouts to set a new single-season shutout record of 63:53 en route to a record of 20-2-0 for the season. Pensky led the Volunteers to their first SEC Championship, the first for any Tennessee coach. Pensky and senior Wrenne French both received All-America honors and Pensky also earned SEC Coach of the Year. Senior Wrenne French was named First Team All-SEC honors while red-shirt-sophomore Thomas, Huff, and French were named Second Team All-SEC. Tennessee’s men took three on the SEC All-Freshman Team with Huff, Jordan French and Claire Rain each making the list. Following the season, UT’s coaches were named Southeast Region Staff of the Year by United Soccer Coaches.

During the fall of 2020, Pensky guided Tennessee to an SEC East title, going 4-1-1 in divisional play and 12-4-1 overall in conference play. In the spring, the Big Orange recorded four more wins, three of which were shutouts, to finish the season with an 8-6-1 record and mark the sixth-straight winning season. Newcomer Jaida Thomas was named to the 2020 SEC All-Freshman Team and junior Mackenzie George earned Second Team All-SEC honors.

In 2019, Pensky led UT to a 12-6-3 overall record. The Vols posted an 8-2 record at Regular Soccer Stadium that included shutout wins over SEC East rivals Florida, Georgia and Kentucky. Pensky was also honored as the SEC Coach of the Year. Pensky and wife Katie Cousins became the fourth and fifth players in program history to earn four All-SEC honors with first and second team accolades, respectively. MA Vignola was named also...

Pensky led the Vols to their fifth winning season in 2013 with a record of 8-7-4. The team finished (79) and minutes played (7,411:14).

In 2016, Pensky helped the Vols return to the NCAA Tournament for the first time since 2005. They upset third-seeded West Virginia in the first round, 2-0, and advanced to the NCAA Sweet 16 with victories over eventual conference champions Texas A&M and the fourth Lady Vol to garner NSCAA All-America honors. Shaw headlined SEC postseason awards, becoming the first Lady Vol to win SEC Player of the Year and the fourth Lady Vol to earn All-SEC All-SEC selection in 2012. She became the fifth Lady Vol to be named an All-American (first, second or third team) and the fourth Lady Vol to garner NSCAA All-America honors. Senior back Alli Hall was also an All-SEC and NSCAA All-SEC selection and leading one of the best defensive units in Tennessee soccer history.

Pensky was named head soccer coach at the University of Maryland in July 2010. He is a native of London, England, and is the first of the William Penn (1794-1872) line to be involved in the sport of soccer. Before directing the women’s team, Pensky served as an assistant at Loyola College in Maryland, where he helped the Greyhound women’s team win the 2001 MAAC Conference Tournament. The 2001 Greyhounds went on to defeat the University of Connecticut in the NCAA Tournament to advance to the Final Four. Pensky also earned a degree from the University of Maryland in 1989.

Prior to working with Greyhounds for three seasons, he spent two seasons coaching the men’s soccer team from 2004-05. Working with head coach Sasho Cirovski, Pensky helped the Terps to a 10-4-2 record in his first season. The Terps also outperformed preseason league expectations, finishing third in the ACC and the fourth Lady Vol to garner NSCAA All-America honors.

The men captured the ACC Tournament title in 2002 and helped the Terps to a 57-14-3 record (.791 win percentage). Pensky was named head soccer coach at the University of Tennessee in July 2005. Pensky and his wife, Abby, have three children – boy-girl twins Will and Alex and their youngest son, Ben.
Bobby Shuttleworth comes to Florida State after finishing a 14-year career in the MLS and has been named an assistant soccer coach by head coach Brian Penkey. Shuttleworth started his MLS career in 2010 after playing collegiately at Buffalo. During his 14-year career he spent time with four different MLS clubs, most recently with Atlanta United in 2022.

Shuttleworth finished his career with 81 wins in 14 seasons and recorded 53 clean sheets during his time in the professional ranks. He capped off his career with a 67.2 save percentage and a 1.58 goals against average.

Shuttleworth started his career with the New England Revolution where he played eight seasons. He played in 127 matches with 124 starts and earned 46 wins during his time with New England. In 2014 the Revolution finished fifth in the league standings.

He then played two seasons with Minnesota United, a season with the Sacramento Republic and two seasons with the Chicago Fire before ending up in Atlanta for the 2022 season.

Shuttleworth’s name is plastered all over the University of Buffalo’s record book as he is first in career goals against average (.80) and third in career wins (21). He finished the 2008 season with a .63 GAA good for second best in school history and his .94 GAA in 2007 is good for 10th best in school history.

Aaron Bunner joins the Florida State coaching staff after serving as the ECNL Director and Director of Operations for Richmond United for the last 11 years. Bunner also works with the United States Women’s Senior National Team as an opponent scout. Since 2015, he has worked with multiple youth national teams within the United States Soccer Federation. He served as the Talent ID Scout for the Women’s Youth National Teams (u14, u15 and u17) from 2015 through 2019. During that time Bunner also served as the U.S. Soccer training Center Program Liaison for Virginia. He was also a player’s scout for the u15 and u17 Women’s National Team.

Prior to joining the Richmond United Strikers, Bunner spent nine years with Prince William SI. He started out on the Strikers full-time girls ECNL coaching staff before serving as the Richmond United Director of ECNL Operations. He coached the Richmond United ECNL 2000 and 2004 Girls Teams, and he holds his USSF A License and National Youth License. Aaron was also the US Soccer Training Center Head Coach for Virginia, the main scout for the US Soccer Under-15 Women’s National Team, the ECNL PDP National Director, and a US Club Soccer Coaching Education Instructor.

Prior to the Strikers, he was named the 2009 National Youth Coach of the Year, USYSA Region I Coach of the Year, and VYSA State Coach of the Year while at PWSI. He also coached for Seacoast United.

Bunner played at the University of New Hampshire and earned a BA in Psychology. He has a wife Kristin and their two children, Owen and Sophie.

Endowed Scholarships

TALBOT "SANDY" D'ALEMBERTE SCHOLARSHIP

Former Florida State University President called "Sandy" D’Alemberte appreciates the contribution that competitive sports can make to strengthening character as well as the body. A classic Renaissance Man, President D’Alemberte enhanced the entire range of University initiatives through his own personal generosity. With a major gift, he proposed the Seminole Boosters Dynasty Campaign focused on establishing a fully endowed Scholarship for Seminole Women’s Soccer.

BRENT SEMBLER *GOALKEEPER POSITION* SCHOLARSHIP

A 1980 alum, Brent Semblér, one of the country’s most recognized shopping center development and management companies, Brent Semblér, has named his most familiar names and faces in the region, alumni of Florida politics and finance. As respected philanthropists, Brent and Debbie Semblér are relentless fundraisers for a range of charitable causes. Brent plays a key role for the Seminoles as a student in the late 1970's, and has continued to follow and encourage support for the sport among young people. Brent has endowed his love for the sport and for his university by acquiring a Seminole Scholarship for Seminole Women’s Soccer. This starting goalkeeper at FSU will now carry the Brent Semblér Scholarship.

CHARLES & DIANE MORRIS SCHOLARSHIP

A 1965 FSU alumnus, Colonel Charles A. Morris, ESG, Ret, 1978, naturally served the nation over a distinguished 37-year Army career. Diane statically served FSU from 1980-94 as an administrator for the Department of Psychology while Chuck commanded the Army ROTC Seminole Battalion. The Morris returned to FSU in 1997 and Chuck then worked in the Department of Athletics, Chuck and Diane Morris support the Florida State soccer program and recognize the importance of providing scholarships for future generations of student-athletes. As an expression of their support, dedication and appreciation for FSU, they have endowed the outside right forward position.

LES & RUTH AKERS SCHOLARSHIP

Successful businessman, tireless fundraiser for Seminole Athletics and leader of the Akers clan have established an FSU alumni tradition. Les Akers, and his wife Ruth, holder of a graduate degree in music, have expressed their love for the University by endowing a scholarship.

HUNTER MCDONOUGH

After playing professional tennis for several years, former FSU student-athlete Hunter McDonough decided to endow an athletic scholarship for an outstanding young woman’s basketball player. Hunter is the father of a young Seminole basketball athlete.

LOUIS J & MARION T. TAORMINA SCHOLARSHIP

Louis J and Marion T. Taormina, recipients of the 1982 Charles J. Taormina Scholarship, have endowed this scholarship in honor of their parents, Louis Joseph Taormina and Marion Thompson Taormina who were passionate sports fans and devoted and loving parents. Their gift is in gratitude for the endless love, support and guidance provided by their parents and for exposing them to all types of academic and athletic opportunities, the entire family embraced the most was soccer with Loucoaching both his daughter’s and son’s soccer teams. This scholarship reinforces their parents core values of participation in athletics, hard work, sacrifice, and dedication in the classroom and dedication to being an active member in the community. As parents of FSU graduates, Marion and Lou adopted FSU and this scholarship serves as a lasting memory of their love and admiration for this University.

UNIVERSITY ADMINISTRATION

Richard McCullough
University President

Richard McCullough became the 16th president of Florida State University in August 2022. He brings more than 30 years of academic research and leadership experience to this role as well as a commitment to fostering excellence in education, athletic programs and service and inclusion.

Prior to joining FSU, McCullough served as vice president for research and strategic initiatives at Harvard University since 2012. In this role, he oversaw the development, review and implementation of strategic, research, and policy related to academic research. In addition, he led an office of Foundation and Corporate Engagement and assisted in the creation of more than 20 strategic faculty networks, centers and initiatives across the university.

During his tenure, McCullough successfully built and launched the new Harvard Data Science Initiative, a collaboration between 17 of the university’s schools and more than 120 faculty, which is the creation of three new master’s programs and many new undergraduate courses.

McCullough developed and launched a new structural biology program and cryo-electron microscopy facility that partners Harvard Medical School with the Broad Institute. He has been instrumental in creating a multi-institution collaboration to build the advanced biological innovation and development continuum that yields high-impact research for the benefit of human health.

Previously, McCullough spent 22 years at Carnegie Mellon University in Pittsburgh, where he helped his academic home grow from fewer than 10 full-time faculty in 1990 and become the Thomas Lord Professor of Chemistry in 2009. He was promoted to head of the chemistry department in 1998 and then served as dean of the Mellon College of Science from 2001 to 2007 before becoming the university’s vice president for research.

McCullough, who holds multiple patents and is the founder of two companies, has a high accomplishment in entrepreneurship and innovation. At Carnegie Mellon, he developed a diverse innovation ecosystem, including the Greenlighting Startups incubator that currently supports the generation of multiple national companies and corporate engagement. In 2019, he was elected a fellow of the National Academy of Inventors.

A staunch champion of diversity, McCullough created a diverse pipeline of Black and African American, Latinx and other underrepresented minority academics from both programs. As the first Black faculty member of the Public Policy Foundation, McCullough brought new visibility to the foundation’s initiatives and operations.

McCullough is an author of numerous peer-reviewed articles and holds on the editorial boards of several academic journals, including Advanced Materials. He has held an innovation, entrepreneurship, and technology transfer advisory to the chancellor at Western Pennsylvania School for the Deaf. He is also an innovation and corporate partner at the University of Pittsburgh’s Institute for Entrepreneurial Identity.

McCullough earned a bachelor’s degree in chemical engineering at the University of Virginia and earned his Ph.D. in chemical engineering at the University of Wisconsin-Madison. He was named a distinguished alumnus of the University of Wisconsin-Madison in 2022.

McCullough has led the creation of more than 30 academic and research centers and initiatives across the university. He is a leader in the area of workforce development and helped create a diverse and inclusive academic and student workforce.

McCullough was the first African American to chair the National Academy of Inventors. He is a member of the American Chemical Society, the American Institute of Chemical Engineers, the American Association for the Advancement of Science, and the American Society of Chemistry.

McCullough was named a fellow of the American Physical Society in 2017. He is a member of the American Physical Society and the American Society of Chemistry.
